Re: Catering Referral Letter
Michoacan Gourmet Mexican Restaurant

We had the pleasure of working with Michoacan Gourmet Mexican Restaurant on November 2015.

We have been traveling to Las Vegas for some years now, for the Annual Latin Grammy Awards. As the production company for the show, we hire the catering company/(s) to provide food for our crew, and talent on multiple days and on show day for our event.

This year, based on a recommendation by a crew member, we decided to try out Michoacan Gourmet. We contacted the Restaurant's main number and were quickly put in touch with Mark Berry, the owner. Mark was very responsive and promptly provided a proposal for our review. In this business, time is everything and during our productions, there's no time to waste waiting around for unresponsive vendors. Therefore, I was immediately pleased with his sense of urgency and willingness to accommodate our needs in a timely manner. I made a couple of changes and requests to his original menu proposal, and again, Mark had no hesitation in accommodating our food requests to meet our overall budget. After discussing a few logistical needs, which were minimal requests, such as tables, we proceeded to contract.

Mark and his staff arrived at the agreed time. They were not only pleasant to work with, but required very minimal help to setup under tight conditions, since we did not have an actual catering area to accommodate them.

With over 700 persons to feed, they arranged multiple lines to expedite serving, and his staff helped serve to make sure everyone ate. The amount of food they provided was more than enough to accommodate everyone. There's nothing worse than running out, but there was no risk of that here!

Not only was the presentation great, but so was the food! Everything, from the chips and guacamole to the chicken, beef and the taco station tasted amazing!

We definitely recommend Michoacan's services for any event, and hope to work with them again in the coming years!
